

MARINE SUPPORT SITE INVESTIGATION

The NESB team have worked on numerous site investigation projects offering bespoke solutions to clients carrying out geological surveys. We can offer pontoon solutions with support vessels and crew to carry out the project safely and on time. All our equipment is road transportable with crane operations taking place using a HIAB during mobilisation and demobilisation.

Equipment Available

-  NATO Pontoon System
-  Plastic Pontoon System
-  Spud Legs
-  Support Vessels
-  Welfare
-  Welding Services for Sea Fastenings
